CERTIFICATE OF ANALYSIS

Potassium Chloride

Item	Standard
Appearance	Gray-white small crystalloid or small grains with color of others russet shade
Mass fraction of potassium in terms of K_2O, %, no less	60
Mass concentration of water, %, no more	1,0
Granulometric composition (mass concentration of fraction), % **More than 6 mm** **From 1 till 4 mm, no less** **Less 1 mm, no more**	 Not rated Not rated Not rated
Dynamic strength (mass fraction of unresolved granules), %, not less than	Not rated
Friability, %	100
